FIG. 30b, illustrates a table containing a few records of the type previously discussed, similarly having data columns designated for Category Level 3012, Item Name 3014, and Item Description 3016. Record 3012, is associated with telephone products that are carried by the vendor of ESTORE 1. Since the telephone is the first product item of the ESTORE 1 vendor, it is assigned a category level 3012 of 'AAA001', where 'AAA' designates the vendor and '001' indicates that it is the first item. Another line of products carried by the same ESTORE 1 vendor are computers. This record 3024 is designated, with a category level of 'AAA002' to indicate as previously discussed, the vendor and the fact that this is the second item for that particular vendor.
